## **INSTALLATION INSTRUCTIONS FOR ALL CANON MAXIFY PGI1600/2600 REFILLABLE CARTRIDGES**

## **INSTALLATION INSTRUCTIONS FOR ALL CANON MAXIFY PGI1600/2600 REFILLABLE CARTRIDGES**

This model of refillable cartridges includes auto reset chips and prime tool  
You just need to fill the cartridges, prime them and print! the whole operation  
Is very easy.

### **How to refill the Canon Maxify inkjet Printer cartridges:**

Each cartridge has a colour plug,

- 1) Remove the colour plug from the cartridge
- 2) Get ink in syringe and put a needle  
On a syringe.
- 3) Put a needle in filling hole.  
Do not damage inside walls of cartridges
- 4) Fill enough quantity of ink in refill  
cartridge.
- 5) Close filling hole with a colour plug,
- 6) Fill other cartridges, use separate  
Syringe for each colour.

7) Remove the yellow air sticker from the cartridge.

Please make sure you have turned off the printer's automatic firmware update before Install your refillable cartridge into the printer.

Please turn off the printer, insert the refillable cartridges into the printer until they clicked well.

Then turn the printer on! Its ready to print.
